MEMORANDUM FOR: [REDACTED]

9 July 1956

SUBJECT : Clearances

25X1A
1. Could you explain to me why [REDACTED] of Pratt & Whitney cannot be cleared before 18 July. Assuming this time is legitimately required, would you see to it that [REDACTED] is advised of this date. (This could be done by [REDACTED] the next time he calls him in Hartford.)

25X1A
2. Would you ascertain for me whether any conference has been arranged in Los Angeles between [REDACTED] and a representative of Security in order to arrive at an agreed version of where we now stand on the whole Ramo-Wooldridge clearances question. You are aware that Ramo-Wooldridge is not only consistently behind schedule but emphasises clearance delays as one of the main causes of this state of affairs.
